NOVEMBER 2025

"Team towards 2030" refers to global collaborative efforts, led by the UN and various organizations (UNDP, ILO, UN Women), focusing on achieving the 2030 Agenda for Sustainable Development Goals (SDGs), which aims to end poverty, hunger, protect the planet, and ensure peace & equality by 2030, involving governments, businesses, and civil society in transformative action for resilient future development.

The National Council 2025-2028 should come together with same principles and support the SDGs cause. They should reach out to all State/ District/ Guild SGF'S and encourage them to accept the challenges.

By April 2026 - Indian SGF proposes 2nd Saturday of every month for Actions for SDGS. Will be part of Annual assessment and every team is welcome to do a community good turn or sustainable services.

Our Actions should speak louder than we speak. Let's begin with a personal commitment to be part of the said cause and be a of part Mission 2035.
