PRESIDENTS DESK

Indian SGF is an organisation for adults, many of our members are former Scouts Guides, some are never a Scout or Guide and few are active Scouts Guides. All of them get groomed under Indian SGF and we have seen many leaders emerging from our pool of volunteers. Few hints to all of us to serve SGF in better way, never get personal when our roles are assessed rather let's get groomed for better performance.

- Be humble and listen to others, never ignore feedback.
- Delegate and empower your powers / share your roles, never be authoritarian.
- Assume the responsibility with passion and never to be inconsistent
- Always lead by example and never disrespect others opinions.
- Friends preaching is the easiest way, but practicing what we preach is too tough.

Let's come together and be part of a change for better world

- From the Presidents Team - Indian SGF /NHQ
